

### Bus Accidents

#### Regular Transportation

In the event of a bus accident, whether minor or serious, the bus driver shall immediately contact the bus company to notify of the accident. The bus driver shall not leave the students unattended and should not move the vehicle unless authorized to do so, or unless its location may result in further danger. The bus company shall immediately contact emergency services (911), as warranted, as well as the District's Director of Transportation and Building Administrator of the school covered by the bus. The Building Administrator will immediately dispatch an Administrator and the School Nurse to the scene of the accident to conduct an initial assessment of the accident and any injuries. The Bus Driver shall take attendance and provide th
